

Chapter 17

Name _____ Date _____ Period _____

Lesson 17.2 Graphic Organizer

Movement and Exchange of Substances

Before you read Lesson 17.2, write down three predictions about the circulatory and respiratory systems in the table below. Base these predictions on your current knowledge of the human body. As you read the lesson, make any corrections necessary to the predictions you made and include as many notes as needed to fill the table.

Body Systems	Predictions	Notes
Circulatory system	1. 2. 3.	
Respiratory system	1. 2. 3.
